Summary

As a software developer with over 3+ years of experience in crafting innovative web applications. Specializing in delivering tailored solutions for diverse industries such as Insurance, Automation, and Travel and Tourism. Proficient in leveraging cutting-edge frameworks to develop robust web applications, particularly focusing on Single Page Applications.

Experience

Senwell Group Private Limited
Software Developer
🔗 https://senwellsys.com/

Oct 2024 - Jan 2025
Pune, Maharashtra

- Engineered robust modules using **.NET Core** and **ASP.NET MVC**, enhancing core business workflows and reducing bug rates by 25%.
- Built reusable services and APIs following **RESTful principles**, supporting microservices architecture.
- Implemented real-time features and responsive design using **JavaScript** and **TypeScript**, aligning with modern UX standards.
- Tuned complex **SQL queries** and applied indexing strategies to boost database efficiency for reporting modules.
- Participated in full SDLC: requirement analysis, solution design, implementation, testing, and deployment in **CI/CD pipelines**.

GOLDEN DIGITECH PVT. LTD.
.NET Developer

Jun 2023 - Aug 2024
Mumbai, Maharashtra

- Developed and maintained scalable web applications using **.NET Core, ASP.NET MVC**, and **C#**, improving system performance and reliability.
- Designed and consumed **RESTful APIs** for seamless integration between front-end and back-end services, ensuring maintainable and secure data exchange.
- Collaborated with front-end teams to implement dynamic user interfaces using **JavaScript** and **TypeScript**, improving user experience and responsiveness.
- Optimized **SQL Server** queries and database structure, resulting in up to **30% reduction in query response time**.
- Followed **Agile (Scrum)** methodology with daily stand-ups, sprint planning, and code reviews to ensure timely and quality delivery.

SpidoSoft Technologies PVT. LTD.
Software Developer
🔗 https://spidosoft.com/

Dec 2021 - Mar 2023
Pune, Maharashtra

- Developed **RESTful APIs** using ASP.NET Core for internal business applications
- Implemented secure authentication using **JWT tokens**
- Optimized database performance through **query tuning** and **indexing**
- Designed automated **logging systems** for **data integrity tracking**
- Maintained and improved existing applications through **debugging** and **testing**

Education

Sant Gadge Baba Amravati University, Amravati
Computer Science and Engineering
GPA: 8.5

Jun 2018 - Jun 2022
Bachelor of Engineering (BE)

Freelancing

.NET Developer
Upwork – 2 Projects (5★ Client Ratings)
🔗 https://www.upwork.com/freelancers/~01e61ea9e0fd2c4048

Remote

.NET Core 6 HTML Email Automation System (Jan 2025 – Feb 2025)

- Developed dynamic, responsive HTML email templates using Razor Views and RazorEngine.

- Integrated templates into existing .NET Core 6 system for automated email campaigns.

- Ensured cross-client compatibility and created reusable layout structures.

Tech Stack: .NET Core 6, Razor, RazorEngine, HTML, CSS

Client Rating: ★★★★★

Front-End Website Development (Nov 2020 – Mar 2021)

- Built responsive portals using HTML5, CSS3, JavaScript, and Bootstrap.

- Ensured full cross-browser compatibility and mobile-first design.

- Delivered 233+ billable hours with 100% on-time delivery and client satisfaction.

Tech Stack: HTML5, CSS3, JavaScript, Bootstrap

Client Rating: ★★★★★

.NET Core, Razor, RazorEngine, HTML5, CSS3, JavaScript, Bootstrap, Email Automation, Freelance, Upwork, Responsive Design
